Re Proceedings: 04-233

Dear Ladies & Gentlemen:

I am writing as a supporter of K-LOVE radio. I understand there are measures being considered that would threaten K-LOVE's ability to provide FM radio coverage in my area and I wanted to express my concern.

K-LOVE provides an upbeat and family-friendly source of music and news for my family and many others I know and is a strong spiritual encouragement.

Besides being an encouragement to many through their broadcasting, I applaud K-LOVE's efforts to meet physical needs in other parts of the world through occasional pleas for assistance to build orphanages and provide food and other materials in some of the most desperately poor parts of the world.

Please consider these points and the good work done by the K-LOVE network in your deliberations.

Thank You,

Dale Huizingh
